- Version Control : Git
- Design : Figma
- Software : AutoCAD 3D(Certified), SolidWorks
- Other : Microsoft Office

PORTFOLIO

Freelancing Project: Conquer Tours and Travels

- **Description:**

Developed 'Conquer Tours and Travels', a multipage, scalable, and static website using ReactJS. Oversaw the complete process from development to launching and hosting the live platform on a GoDaddy domain, ensuring top-notch accessibility and functionality across multiple pages. Integrated seamless navigation enabling effortless exploration of diverse travel options. This project underscores proficiency in crafting and deploying dynamic web solutions, showcasing expertise in full-stack development and effective project management.

Personal Portfolio:

- **Description:**

Built a scalable single-page personal portfolio using ReactJS. This platform displays my skills, achievements, and projects in an organized and engaging way. It's designed to be flexible and presents a complete view of what I can do.
